

CAMERA ON? CAMERA OFF?

I am an empowered learner!

REASONS I MAY TURN MY CAMERA ON

- My teacher may be more in tune to my learning needs
- It's easier for others to "hear" me when I speak
- Seeing each other makes me feel more connected
- It's easier to participate in some activities

REASONS I MAY TURN MY CAMERA OFF

- It creates Internet bandwidth issues
- I don't feel "camera ready" at the moment
- I don't have a private space - lots going on in the background
- I want to protect my online identity and privacy
- I have been on camera a lot and am "camera exhausted"

SOME THINGS I CAN DO

- Use a Zoom background
- Use an avatar, Bitmoji, or selfie as a profile pic that appears when I'm off camera
- Find the best location available from which to join a class meeting
- Agree to not take screenshots or post photos of my peers
- Switch between on camera and off camera during a session, as needed

I MAKE DECISIONS THAT BEST SUPPORT MY LEARNING.
